COVID-19

The Water Department is continuing to be vigilant to keep our staff and infrastructure safe from the spread of the Coronavirus. We are still cleaning facilities, vehicles, and equipment daily to ensure our staff and water system stay safe. Our team members have a positive outlook even as the number of cases rise in our area. We are keeping a close eye on the situation and can increase our continuity of operations if and when necessary.

Water Commission June Water Leak Adjustment Summary

Leak Adjustment:

- Water customers must notify the Water Department no later than the due date of the water bill that a leak adjustment will be requested.
- After notification to the Water Department, the water customer must submit a Water Leak Adjustment Request form with supporting documentation within 90 days to the Water Department.
- Water will be charged at the first-rate tier above 5,000 gallons. All other water usage will be charged at their respective rate tiers.
- Any leak adjustment spanning more than one billing period shall be considered a single event unless compelling evidence suggests otherwise.
- Requests for leak adjustments that extend 6 months beyond the billing period in which the leak was detected will not be considered.
 - 1. If the water leak is determined to be the responsibility of the City in part or in full, the Water Manager shall adjust the customer's water bill by crediting the amount of water usage determined to be the City's responsibility.
 - 2. If a water leak is determined not to be the responsibility of the City, the Water Manager may, at his discretion, adjust a water bill up to \$250.00. For higher adjustments, the request will be forwarded to the Water Commission for review and action. Ordinance 54-122019 Page 28
 - 3. Leak adjustment requests that the Water Manager deems do not contain all information necessary for a thorough Water Department investigation will be submitted to the Water Commission.
 - 4. Leak adjustments up to \$500.00 considered by the Water Commission can be recommended to the City Administrator for action. Adjustments over \$500.00 will be forwarded to City Council for review and action.
 - 5. All leak adjustment requests and actions will be reported to the Water Commission and City Council in the Water Manager's Monthly Report.

9296 Garden Ridge Drive

On June 11th we received a leak adjustment request about a leak that was discovered May 7th and repaired on May 11th. The customers did send in their request before the deadline period, but we were unable to obtain any data from that time frame that would show a leak. Historically the water use ranges from 4,000 to 18,000 gallons for the last two years. During this billing period 101,000 gallons were used.

2211 Cristobal Drive

We found a possible 78,623-gallon leak that spanned over three billing periods. The customer stated that the sprinkler service that repaired the first leak was paid cash and does not have a receipt. The second leak was unknown as to how it started or stopped, and the third leak was near the meter on the customers side which was repaired on May 12th. The last leak was a 12,650 gallons that spanned over the same time period and met all the requirements for a water credit. The customer was offered \$96.78, but wanted to appeal to the Water Commission. The customer is requesting that their bills from January to March 22 be adjusted.

Ezra & Sarah Johnson,

I appreciate you getting back to me and without having any data I am unable to grant a leak adjustment. That being said you have the option to appear before the Water Commission and state your case. You would have to show that you had a leak, it was repaired, and how much water was lost. Please let me know if this is something you would like to proceed with doing.

Thank You,
Jacob Parsons

Mr. Parsons,
Sorry for our delay. We did not request a laptop reading. Actually, before reading this email we had never heard of a laptop reading. We look forward to resolving this case with you.
Thank you,
Ezra and Sarah Johnson

Ezra & Sarah Johnson,

I am reviewing your leak adjustment case and according to your request, I see that you had a leak on May 7th which was repaired on May 11th. From the laptop reading we show that there is no leak but it was only able to go back to May the 12th. When did you request a laptop reading for this leak?

Thank You,
Jacob Parsons

Brad & Tracy Borron,

I am sending you a laptop reading that shows you the water use at your house. It is showing that you still have a leak and I wanted you to be aware of it as soon as possible. Please let me know if you have any questions.

Hey Jacob,

I apologize for the last email, I was a bit frustrated and shouldn't have typed in anger.

That being said, I think you forgot the previous conversation we had. I explained that I didn't know what the cause of our most serious leak was and there was no way to prove the repair. To this day I can't tell you where 100 gallons an hour was going or where it came from.

You suggested I type an email for the board explaining my situation. I'd be happy to come in and answer any questions they have as well.

Thanks so much,

Brad Boon

In fact that is verifiable. I am only allowed to offer a water credit based on the provable water loss due to a leak and the proof that it has been repaired. If you want a bigger credit, it will have to be reviewed by the Water Commission and voted on. If you didn't want to contest the amount than I could grant it without your case having to be reviewed to higher levels of authority. Please let me know if you want to have your case reviewed by the Water Commission and I will put it on the agenda for our next meeting.

adequate and meets the criteria of honest ethical conversation. I figured out I had a leak. I fixed it. Please don't make me go beyond that to recover money lost to a leak. If you do so, I'll ensure I lie to you in the future to cover both of us. I'd rather not operate in that manner.

> I was able to show that the leak you had repaired was a 10 gallon per hour leak. I was unable to determine when it started so I gave you credit for all three months I showed a leak to cover that time period. After reviewing the data and procedures for your leak I am able to offer you a credit of \$96.78 for the leak that you had repaired. Without proof of repair the other repairs I am unable to grant any more than that. Let me know if you have any questions. If you don't have any objections to the credit and I will get it processed ASAP.

>>

> Jacob,

>>

> Good afternoon. Below is a brief justification and action taken to fix the leak issue at our home.

>>

> How we fixed 3 leaks:

>>

> 1. We noticed our first out of the ordinary bill in Early 2020. We initially believed the issue may be due to our sprinklers not being adjusted correctly. We hired a man by the name of Roland Estrada to adjust our sprinklers. He adjusted the sprinklers and fixed a significant leak he found in our backyard. We paid Roland cash and he did not provide us with a receipt for his service.

>>

> 2. After believing we had fixed our problem, we submitted a water Leak Adjustment Request dated, 3 April 2020. We heard from the city water manager in early May. During that conversation, I was informed that we still had a leak. I'm not familiar with reading a water meter, so we had no idea the leak continued. In addition, there was no evidence of a leak on our property. No pooling water, no running toilets, no evidence at all. Jacob suggested I check our pool filler, water softener, and toilets. On or about 8 May, I checked the pool filler, checked all toilets, and unplugged and made sure the water softener was not in constant regeneration mode. I found no evidence of anything running, but was informed by Jacob of a significant change in water usage on that date. My guess is it was the water softener. But again we had no prior indication. Upon follow up with Jacob, we learned of significant improvement but we did have another leak.

>>

> 3. The final leak was at the meter, on our side. We had that leak fixed on 12 May by fast flow plumbing and drain. I provided Jacob with the receipt for that repair.

>>

> We are requesting a rate adjustment for the leaks discussed above. From my understanding the leaks began in Dec 19, with the three issues being fixed in Mid May.

>>

> Thank you for your time and please let me know if you need any additional information.

City of Garden Ridge

"A way of life, not just a place to live"

FIRE FLOW SERVICE AGREEMENT **OUTSIDE OF GARDEN RIDGE CCN**

AGREEMENT made this _____ day of _____ year _____ between the City of Garden Ridge Water Company, a municipal water department organized and operated under the laws of the State of Texas and hereinafter called The Department, and the following named person, hereinafter referred to as the Customer:

(NAME) _____

The Department agrees to deliver Fire Flow water service to the Customer and the Customer agrees to receive water service from the Department for fire flow service outside of the City's Certificate of Convenience and Necessity in accordance with rules and regulations as specified in City ordinances governing water operations, as amended from time to time by the City of Garden Ridge.

All plans for fire flow service must be engineered and submitted to The Department for approval, in accordance with the City's ordinances before construction begins.

The Customer shall pay the Department a yearly maintenance fee that shall be established by city ordinance.

In the event the Customer shall breach this agreement by (1) refusing or failing without just cause to connect to the Departments facility and use same as soon as the facility is available or (2) refusing or failing, without just cause, to pay the yearly Maintenance fee as established by City of Garden Ridge ordinance or (3) If the customer is found to be unlawfully obtaining water from the city or (4) if the backflow device is not inspected yearly the Department shall not furnish water to Customer for fire flow service, upon the occurrence of either of said events.

All water shall be metered, and meter owned by the Department. The meter is for the sole use of the Customer and is to serve water only for fire suppression in case of an emergency. Only one business will be served and does not permit the extension of pipe or pipes to transfer water from one property to any other, nor share, resell, or sub-meter water to any other persons, dwelling, business, property, etc. unless approved by the Department.

In the event the total water supply is insufficient to meet all the needs of the customers, or in the event there is a shortage of water, the Department may not be held responsible for the lack of serviceable water.

The Customer shall provide the Water Company with proof of acceptance of fire suppression system from the Comal County Fire Marshal's Office prior to connection of service. The service may be required to be upgraded due to future rules or regulations that arise in the future.

The Customer shall hold the Department harmless from any and all claims or demands for damages to real or personal property occurring from the point the Customer ties on to the water meter to the final destination of the line installed by the Customer. The Customer agrees to grant to the Department an easement of right-of-way for the purpose of installing, maintaining, and operating such pipelines, meters, valves, and any other equipment which may be deemed necessary for the Department on forms required by the Department. Any denial of easement will result in a null in void contract and the fire flow water service will be terminated.

The Department shall have the right to locate where the water service meter and the pipe necessary to connect the meter on the property of the Customer is to be located. The Department shall have access to its property and equipment located upon the Customers premises at all reasonable times for any purpose connected with or in the furtherance of its business operations and at all times in case of an emergency. Upon discontinuance of service The Department shall have the right to remove any of its property from Customer's premises.
